

Michael McGrath Inc.

Valued Customer,

Please take the time to look at home heating oil prices our customers have taken advantage of recently. Make the comparison, keeping in mind the average home in New England will consume over 1000 gallons of fuel this upcoming season. Every 10 cent price reduction translates to \$100 in savings. Realistically we save an average customer over \$300 per heating season.

2015 Heating Oil Average Pricing

Saving money on fuel shouldn't compromise the level of service a customer is entitled to. As always your fuel delivery and emergency burner service is available 24 hours a day, 365 days a year. The following conveniences are also available;

P.O. Box 341
Middleton, MA 01949

Michael McGrath Inc.

Equipment Protection Plan

This plan is a comprehensive coverage on your heating equipment. Covered items will be replaced in the case of failure. This will also include your annual tune-up to replace wear and tear items on your appliance, tuning and preventive inspection to help avoid future no heat calls.

Automatic Fuel Delivery

This option relieves the customer of the task and responsibility of ordering fuel. You can be assured that you will never have to worry about ordering or out of oil situations while enrolled in our computerized automatic delivery program. There is no pricing difference for participation.

Credit

Billing is available on a 30 day billing cycle for eligible customers.

Budget Plans

Annual heating cost is forecasted and divided into 10 easy payments over the course of a year. The deadline for enrollment is August 1st for the current heating season.
